

The swimming pool at Juanita High School will be closing. Where should a replacement pool be located in Kirkland?

The pool at Juanita High School (also known as the Juanita Aquatic Center) has been deemed by the Lake Washington School District to be nearing the end of its useful life. The Kirkland City Council is acting quickly and thoughtfully on possibly replacing the pool.

The City is committed to ensuring the broadest range of recreation opportunities, including aquatics programs, to benefit the health and wellness of all citizens. We want to hear what you think about the sites being considered: Juanita Beach Park, North Kirkland Community Center and South Norway Hill Park.
